# Installing and Printing FollowMePrint for Chromebook

Press the circle in the bottom left corner and search for webstore.

Search for Papercut and scroll to the bottom, and you will find an app called Mobility Print.

Click add app and add app again.

Now you can print so if you go to a Google Doc you can find FollowMePrint it has a green and white icon next to it. This is shown below.

Once you select the FollowMePrint and press print. It will then popup a window to type in your Windows credentials. This will be the login you use to login to your computer in the morning.
